

Nazareth College will be hosting a meet on Sunday, October 9th at the Otto Shults Community Center on campus in Rochester, NY. This is a great opportunity because we don't regularly hold Short Course Meters events in the area. Since the SCM format is not very common in age group and college swimming, this might be your chance to get some lifetime bests! Many of the participants will break Niagara records and surely there will be some USMS Top Ten swims as well.

[Click here for the meet information page.](#) Don't miss it!
