**INTRODUCTION:**

This meet was Saturday July 22, 2006. It was delayed ~ one hour due to lightening. As a result the distances scheduled for swimming were cut in half to make it possible for the swimmers to return to shore quickly in case of more lightening. So in the results the 3300 freestyle was actually 1 mile, the 1650 freestyle was actually one half mile and the 800 freestyle was actually one quarter mile.

The lake was calm, flat and warm. During the race the rain was sometimes quite hard but everyone got a chance to swim and had a good time.

Nest year we will schedule sun for the day of the meet. Thank you all for your understanding.
